

# SMARTY CAT

EQUIPMENT      Hula hoops, Music machine

DIRECTIONS:      Hula hoops are scattered around the gymnasium (3 or 4 less than the number of students). 3 or 4 students are designated as Smarty Cats and stand outside the hula hoops. All the other students stand in the hula hoops, one student per hoop. Have a few empty hoops as well. When the music starts, the students in the hula hoops have to move to another hoop. The Smarty Cats try to sneak in to get a hoop while the other students are switching. If they manage to find a hoop to get in, then the other displaced student becomes a Smarty Cat.
